

An open message to my fellow Americans:

My name is Jon Ritzheimer. I am a 31 year old United States Marine Combat Veteran. I served honorably for 10 years and was forced out do to a tattoo policy but still received an honorable discharge. I have a beautiful wife and 2 beautiful daughters ages 3 and 5. I have a 3000 sqft house in Arizona and I am living the American Dream.

Why are you telling us this, you may be asking. Because I am showing you that I am an American Patriot who has everything to lose. I've had to kiss my family goodbye on 3 occasions now and didn't know whether I would see them again.

I am now planning on doing it again.

On October 10th 2015, I, along with a growing number of patriots, will be saying goodbye to my loved ones once again and starting my journey from Arizona to Michigan. We are planning on driving through Texas to link up with more Marines and Patriots and then heading North towards Michigan.

We are planning on arresting Senator Debbie Stabenow, who voted yes to the Iran Nuke Deal. She will be arrested for treason under Article 3 Section 3 of the Constitution.

We have chosen her as our first target due to our strong ties with the Michigan State Militia and their lax gun laws that will allow us to operate in a manner necessary for an operation like this. After we successfully detain her we will continue to move across the country and arrest everyone involved with the Iran Nuke Deal.

Even the President who brokered this deal.

America is still at war with terrorism and Iran is the leading sponsor of terrorism throughout the globe.

I have been to war and I do not want to see bloodshed in our own country. We do not seek violence but we will be armed and ready to defend and uphold our oath to the constitution. There is no reason these people can't be held accountable and have their day in court.

I have notified law enforcement about these intentions. We will be cooperating with them and try to keep this as smooth as possible so we don't have another "Shot Heard Round The World" situation.

If these people are innocent, then it should be proven in court. But there is overwhelming evidence stacked up against them that says otherwise.

I am not seeking fame or fortune. I just want to ensure my children can grow up in a peaceful country. I

am humbly accepting donations to help with fuel costs for our convoy at www.rogueinfidel.com but more than any amount of money I would rather have fellow patriots join me and go shoulder to shoulder with me.

Our strength is in our numbers.

We The People are what will fix the problems in our country. Not some election.

I was sent to war twice under false pretenses and my brothers lost their lives so that a war profiteer could make a buck. But now I am following my heart and not just blindly going where some politician is pointing the finger.

I am fully prepared for whatever may come my way. Even if that means death. Because it will at least be for a noble cause.

I will end this message with a quote from a man who I strive to emulate.

“I prefer peace, but if trouble must come, let it come in my time so that my children may live in peace”

Thomas Paine
